	Title: Sustainability Policy	POL-14	01

May 2025

Sustainability Policy

We (Nexus Packaging Ltd), are committed to manufacturing high-quality blow-molded plastic products in a responsible and sustainable way. Our goal is to reduce environmental impact, support our people and communities, and operate with integrity.

Environmental Responsibility

We work continuously to:

- Reduce our energy use
- Minimise any emissions
- Improve efficiency across our production lines.
- Minimise waste
- Reprocess internal scrap
- Support the use of recycled and lower-impact materials.
- Follow strict resin-handling practices to prevent pellet loss and protect local waterways.

Resource Efficiency

We invest in:

- Industry leading efficient equipment
- Optimising our processes
- Minimising our water consumption in our cooling and production systems.
- Ensuring our product designs prioritize durability, recyclability, and material efficiency.

People & Community

We maintain a safe, inclusive workplace and provide ongoing training for environmental, safety, and quality practices. We operate responsibly within our community and uphold fair labour standards.

Ethical & Responsible Operations

We meet or exceed all environmental and regulatory requirements and expect the same from our suppliers. Sustainability considerations are integrated into our business decisions and continuous improvement efforts.

Our Commitment

We will measure our performance, set improvement goals, and regularly review our progress to ensure we are contributing to a more sustainable plastics industry.
